INTO FILM YOUNG REPORTER PROGRAMME 2019

Into Film is on the look out for passionate film enthusiasts aged 13–18 to be our next crew of Young Reporters for the Get Into Film Youtube channel and social media platforms. On the programme you will cover assignments including premieres, red carpets, film festivals, press junkets and other exclusive behind-the-scenes events!

WHAT YOU GET:

- The opportunity to lead on-camera interviews with top film talent
- Reporting and reviewing assignments at film festivals and other exciting film industry events
- The chance to develop your own ideas, write film reviews and articles, and record videos
- Hands-on experiences, behind-the-scenes access and supported learning about how the film industry works
- Media and film journalism training for each assignment through regular training events

AS A YOUNG REPORTER YOU WILL BE:

- Passionate about film and keen to share your opinions with others
- Confident on camera and excited to act as the voice of Get Into Film
- Committed to attending all training events (typically two per year) and all delegated assignments (typically one per term) – you will need permission from your school and your parent/guardian to participate

Successful applicants will join the programme for two years, running from Autumn 2019 to Autumn 2021. Taking part in the Young Reporter Programme is completely free – we cover all travel costs and expenses for you and your chaperone to attend assignments and training days.

GET INTO FILM

Please send us two vlogs (between one and two minutes in length), choosing from the subjects below:

- A film that's had an impact on you
- A film that's made you think differently about an issue
- A film that makes you really happy
- Your favourite film growing up

* Please record these vlogs separately and try to keep within the time limit. You don't need to worry about editing or making it too fancy – we want to see you rather than your technical skills! You can film your vlog on any device, even your mobile phone.

Remember, you don't have to be an expert or have tons of experience to apply – if you're a successful applicant you will receive training while on the scheme.
