

What is an Into Film Club?

Into Film Clubs are free for state funded school and non-school settings, such as youth clubs, cinemas and libraries. Clubs give children and young people the opportunity to watch, discuss and review films, as well as training and online resources to make their own films.

Club leaders receive free access to:

- Resources
- Support
- CPD training
- Filmmaking
- Industry interactions
- DVD catalogue
- Competitions

Why it works

It is really rewarding to see members supporting each other, questioning and discussing various moments of a scheduled movie. We change our members termly so our numbers and members are always increasing giving other children an opportunity to savour our movie club.

I try to use film to encourage interaction. Our members are from 4 different year groups, which makes socialising and interaction great.

Delivery

As a film club we closely discuss with teachers what their current and upcoming themes or curricular work entailed and ensure that classes access the Into Film Festival for an educational purpose.

From the first time that we started our film club it has just grown in popularity making it the most oversubscribed club at school.

Results

We were thrilled that some children who never, ever went to a cinema before were now afforded the opportunity to attend for free and share the experience during school time - making it a unique experience and moment. More importantly the movies that were screened were related to curriculum topics giving our pupils and teachers a better understanding of work.

“Our club is absolutely great!”

– Into Film Club leader, Leighton Padotan

2,134 Into Film Clubs in the
West of England

57 films made by young people in the
West of England in 2015
